

Health VentureLab Budapest Startup Call

powered by GE Healthcare

Take your healthcare related startup to the next level with our 4 -month long accelerator program in Budapest!

Program description

Health Venture Lab (HVL) Budapest offers a 16-week-long accelerator program for candidates with an entrepreneurial mindset who want to develop their personal and team business competencies and explore, develop their ambitious health-related business ideas. HVL Budapest organizes weekly training sessions, coaching and provides Europe-wide network (EIT Health).

We will select 20 teams for our accelerator program, starting 31. August 2018. We will work with your team on a weekly basis to sharpen your value proposition, provide you training, mentoring lead by experienced professionals and give feedback on your performance and your product to make it ready for the market.

Application due date

08.08.2018

Target group and target group's maturity

Early stage life-science and Healthcare startups.

Teams who are either at pre-seed or seed funding: Students (BA & MBA), graduates and young professionals.

Financial support

The 4-month long program is for free. Non-Budapest based teams can apply for partial reimbursement (travel and accommodation).
